### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 31-47, 53, 54 and 65 have been cancelled as being directed to non-elected without traverse invention group.

Claims 63, 64, 66 and 75, line 1, the phrase "(Amended)" has been changed to - (Currently amended) - -.

2. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on April 12, 2004 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest the presence of adhesive on the exposed surface of each discrete segment of retroreflective sheeting of the claimed article. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
